Project Archives Walleye Hatchery Stream Rehabilitation

TRAAP Projects

"Hands-on Environmentalism" is what we do ... This is what sets the TRAA apart from other clubs and organizations. You'll find us right in the water clearing obstructions from streams, measuring returning salmonids & taking scale samples for DNA analysis, education through trout hatchery tours & stream walks, being a voice for the Thames River watershed & its inhabitants and the list goes on.

Here's some Current and past TRAA Projects

Salmonid Monitoring Program Spring 2013 will be our fourth year of this 5-year project. Tagged Trout Here's an overview of what happened over a few weekends in the Spring of 2012 when TRAA members and personnel from the Upper Thames River Conservation Authority (UTRCA) waded in for Year 3 of our 5-year Salmonid Tagging and Monitoring Program

TRAAP Trout Hatchery Rearing both brown and rainbow trout. Trout Fry The TRAA first began rearing rainbow trout in an outdoor upwelling incubation box back in 1986. Since then we've successfully taken on both brown trout and brook trout eggs ...read more
